

## FlashLink™ Digital Media Reader/Writer

SimpleTech FlashLink™ is the perfect solution for quickly and easily transferring data between a PC or MAC and your digital media cards. You can move images, MP3 music, and data with transfer rates up to 30X faster than standard serial connections. FlashLink™ requires no external power source and has a sleek, compact design, making hassle-free portability a reality.

FlashLink™ gives you true plug-n-play capability with USB technology. Simply insert your digital media card into the FlashLink™ and it will automatically appear as an additional removable drive, allowing you to drag and drop files with ease.

SimpleTech CompactFlash and Secure Digital / MultiMediaCard versions of FlashLink™ are Mass Storage Device Compliant. They do not require the installation of driver software when used in Windows 2000, ME, and XP environment. Simply plug the device into the USB port of a PC or Mac and be ready to instantaneously download digital images or data by dragging and dropping the contents to any folder.

SimpleTech FlashLink™ is compatible with virtually all brands of digital media cards, and outperforms products in its class. FlashLink™ is available for CompactFlash, SmartMedia, or Secure Digital/ MultiMediaCard digital media cards. FlashLink™ is also available in dual slot for CompactFlash and SmartMedia, and CompactFlash and SD(Secure Digital) / MultiMediaCard.

### FlashLink Features:

- For use with CompactFlash, SmartMedia, MultiMediaCards, and SD Memory Cards.
- True high speed USB interface of up to 1.5MB/sec
- Bus powered (no power supply required)
- "Hot-swapping" enabled for both the device and the media
- LED - indicates power and activity
- Supports maximum data transfer rate of the media
- Fastest download time - saves battery life of camera, music or PDA device
- One reader works with two different media types
- Drag and drop files to and from a flash memory card to the PC – just like a removable hard disk
- Save precious battery life of digital cameras or other portable devices
- Very compact and durable design
- Easy to install (no need to open your computer)
- Includes CD-ROM for quick installation

# FlashLink™ Specifications

### CompactFlash model : UCF100 (part # STI-UCF100)

Key-chain design

3' USB extension cable included

Supports CompactFlash Type I and II, and IBM Microdrive.

High speed data transfer rate of Up to 1.5MB/sec

Bus power: DC 5V, 500mA input

Dimension: 80mm x 63mm x 13mm (3.15"x2.48"x0.51")

Unit Weight: 28g (0.99 oz)

Mass Storage Device (MSD) Compliant - does not require the installation of driver software.

Designed for Windows® XP

### Secure Digital / MultiMediaCard model : UMSD100 (part # STI-UMSD100)

Key-chain design

3' USB extension cable included

Supports SD Memory Card and MultiMediaCard

High speed data transfer rate of Up to 1.5MB/sec

Bus power: DC 5V, 500mA input

Dimension: 67mm x 41mm x 12mm (2.64"x1.61"x0.47")

Unit Weight: 15g (0.53 oz)

Mass Storage Device (MSD) Compliant - does not require the installation of driver software.

Designed for Windows® XP

### SmartMedia model : USM100 (part # STI-USM100)

Key-chain design

3' USB extension cable included

Supports SmartMedia

High speed data transfer rate of Up to 1.5MB/sec

Bus power: DC 5V, 500mA input

Dimension: 81mm x 54mm x 13mm (3.15"x2.13"x0.51")

Unit Weight: 27g (0.95 oz)

Hot-swappable USB connection

Designed for Windows® XP

### Dual Slot CompactFlash & SmartMedia model : UCS200 (part # STI-UCS200)

Supports CompactFlash Type I/II, IBM Microdrive, and SmartMedia

Operates both slots simultaneously

High speed data transfer rate of Up to 1.5MB/sec

Bus power: DC 5V, 500mA input

Dimension: 89mm x 76mm x 22mm (3.50"x2.99"x0.82")

Unit Weight: 85g (2.74 oz)

Hot-swappable USB connection

Designed for Windows® XP

### Dual Slot CompactFlash & Secure Digital / MultiMediaCard model : UCFSD200 (part # STI-UCFSD200)

Supports CompactFlash Type I/II, IBM Microdrive, SD Memory Card and MultiMediaCard

Operates both slots simultaneously

High speed data transfer rate of Up to 1.5MB/sec

Bus power: DC 5V, 500mA input

Dimension: 89mm x 76mm x 22mm (3.50"x2.99"x0.82")

Unit Weight: 85g (2.74 oz)

Mass Storage Device (MSD) Compliant - does not require the installation of driver software.

Designed for Windows® XP

## FlashLink System Requirements:

- Windows® 98/2000/ME/XP
- Mac OS 8.6 or higher
- Available USB Port
